GERMAN CLAIMS OF CROSS-OCEAN TALK

Engineer of Tuckerton, N. J., Tells of Messages he Received.

ERECT HIGH TOWERS.

Cables, it is Claimed, Came Clean Cut From Germany to New Jersey Three Times a Day.

Tuckerton, N. J. July 7. — Emil Mayer, chief engineer of the German Company which is building an 850 foot wireless tower here, confirmed today that wireles smessages sent with Dr. Rudolph Goldschmidt's apparatus have been received from Germany.

The messages were sent from the company's 800-foot tower in Neustadt near Hanover. They came in clean cut three times a day with hardly a missing word in the whole lot. They were sent at a slow rate.

Mr. Mayer will sail for Germany in a few days to arrange further experiments. These will aim at receiving and sending 200 words a minute.

The company back of this new Trans-Atlantic wireless believes it has mechanism that will enable it to send and receive twice as fast as the Marconi and Telefunken systems, both of which do business over seas. It expects to send as low as 8 cents a word. It promises a degree of secrecy and freedom from interference with messages hitherto impossible.

One of the remarkable features of the last few days is that the messages received here came in the day time, the most difficult period for long distance wireless work.

The tower which received them is 600 feet high and when finished will be 1,000 the tallest in the world. It is being carried to so great a height in order to make possible the sending and receiving of messages not only between Europe and America but between America and Asia, South America and perhaps Sidney Australia.

It is said that with three or four of these large masts the German company expects to belt the world.

BREAKING OF THE HOT WAVE.

High Temperature of Saturday Followed by Fresh Northwest Breeze.

The fierce heat of last week was followed Saturday by cooler conditions, and throughout yesterday a brisk northwest wind rendered conditions more comfortable. At a late hour last night the wind gained force and the temperature fell considerably. The weather today has been mild and pleasant.

The Weather Bureau"s weekly bulletin says:

"Present pressure distribution over the Norhern Hemisphere indicates that unseasonably high temperatures need not be expected during the coming week. It will be cooler during the first part of the week over the Eastern portion of the country, followed by some rise in temperature later, but not to ununsual extremes. In the West it will be warmer Monday and Tuesday, though not decidedly so and some moderations may be expected after the middle of the week. pected after the middle of the week.

"High pressure with generally fair over the greater portion of the coun-lu isttti,. T...,shr hr hrd hrd rdlu dl try. A moderate disturbance is now off the extreme North Pacific coast, but its eastward movement will probably not be attended by more than local showers over the northwest during the early portion of the wek and possibly over the Missouri and Upper Mississippi valleys, about the middle of the week.

"There are no present indications of a West Indian disturbance.

News of The Day

Complete anarchy prevailed last night at Johannesburg, South Africa, as a result of the general strike of the gold miners, which began a few days ago. The authorities were obliged to order the troops to fire on the rioters, who applied the torch to the Star newspaper office and another large building in the center of the town, as well as to the Braamfontain station. A mob of rioters attacked the Werner Biets headquarters, where the police fired upon them and compelled them to retreat. They soon renewed the attack, however, whereupon the dragoon charged and dispersed them.

Several hundred school children assembled on the streets of West Pittsburg, preparing for the school parade part of yesterday festivities, were scattered by an uncontrollable automobile that plunged through the crowd, hurling the little forms either side until it crashed against some stone steps and was wrecked. When anything like order could be restored one lifeless little body was picked up. Twelve others ,ranging from 8 to 11, were prone, helpless in the street, while frantic mothers were tearing the clothes from Abe Yuengling, aged 25, the driver of the car.

Five children of W. A. Hays, a dairyman residing near Valencia, Pa., were burned to death Thursday morning. The children were asleep in their home while the father and mother had gone to a distant pasture field to milk. The house caught fire from an over-heated stove and before help could reach the little ones, who ranged in age from nine months to eleven years, they were dead.

Crazed by a sunstroke, J N. Marlow murdered his wife and then committed suicide at Toledo, Ohio, yesterday afternoon. Marlow was a retired farmer, aged 65. His wife was 66. Marlow shot his wife through the head and blew out his own brains. Neighbors found the bodies, the old man still clutching the smoking revolver.

An Industrial Workers of the World banner hoised in a grove where residents of Sandy, a small town in the Cascade Mountains, near Portland, Ore., had planned to hold their Fourth of July celebration, was shot down by the townspeople, dragged in the street and burned. The banner was raised by members of a telephone line crew. The crowd shot it down and marched with its trophy to the Sandy postoffice. There a hollow square was formed, and while the town band played America the banner was burned.

At least six truck loads of fireworks designed to go up yesterday went down instead—into the waters of New York Bay, where they will be consigned by the street-cleaning department. During four days past fire department inspectors have made seizures of fireworks in 300 retail stores which are without licenses. The explosives had the hose turned on them, and came to their Independence Day end somewhere between the Brooklyn and Staten Island waterfronts.

A meeting will be held tonight night at the residence of C. O. Pulman, in Fairfax county, for the purpose of urging the propriety of using the Old Telegraph road as part of the purposed new National highway to Washington.

Henry Sanders was shot and kiled and his father Matthew Sanders, a former sheriff of Cherokee county, Oka., was stabbed and probably fatally injured at Dykes Chapel, a country church, a few miles south of Talequah yesterday as the result of a difference with Henry and Will Johnson, members of the church, over the management of a Sunday school class. The Johnsons fled. The disagreement arose during the services. The principals left the building,the audience following, but when the congregation reached the scene the tragedy had been enacted. Young Sanders died in a few minutes and his father,suffering from several knife wounds, was lying on the ground.

ALLIES FIGHT EACH OTHER TO THE DEATH

Thirty-Five Thousand Said to Have Been Killed And Wounded.

ONE WEEK'S CARNAGE

Many Contradictry Reports Reach London—Both Sides Claim Victory in Bloody Struggle.

Vienna July 7.—The Bulgarian and Servian troops are fairly annihilating each other in the conflict now raging

The battles are marked by more bitter and costly fighting than prevailed during the war between the Balkan allies and the Turks. Following the receipt of advices from Lieut. Wagner, correspondent at Sofia that 11,000 Servians were killed when the Timok division was defeated Saturday, officials were prepared to credit early reports of startling casualties as authentic.

All semi-official advices declare that last week's battles were the longest and hardest fought of all the battles during the Balkan war. These reports stated that the Bulgarians lost 20,000 in killed and wounded and the Servians 15,000. The Servians were victorious at Kochana, according to latest reports and entered the city.

In the fighting around the city three Servian regiments were annihilated according to a dispatch received today from Lieut. Wagner.

London, July 7.—Reports of the Balkan conflct reaching here continued to be hopelessly contradictory as to whether Servia was successful over the Bulgarians or the forces of King Peter were being driven back.

It was the general belief however that the Bulgarians were gradually forcing both the Servians and Greeks back but not without the most bitter fighting

It is estimated that the fighting covers an area of 5,000 square miles. More than 100,000 non-combatants are homeless. They have fled from their homes and are in danger of starving. Scores of villages have been burned.

Diplomatic relations have now been broken by all Baukan states. The Bulgarian minister left Belgrade today, completing the rupture. The Servian minister has left Sofia.

Advices from Belgrade are that the Servians had reoccupied Kvolak. The Bulgarians were routed with heavy losses it was stated. It is generaly believed here that the plan of the Bulgarians is merely to keep the Greeks fairly well in hand while they dispose of the Servians.

There has been desperate fighting against the Greeks however, as was indicated when reports here stated that 8,000 wounded had arrived in Salonika. Thousands of refugees have also arrived here.

Mr. Beach had been a member of the police force nearly a score of years. He was fifty years old, and a native of Burkes, Fairfax county, Va. He is survived by his wife, Mrs. Florence C. Beach, and one daughter, Mrs. M. E. Greene, of this city.

ALEXANDRIAN IN TROUBLE.

Ernest Warder Arrested in Washington on Charge of Violation of White Slave Law.

Ernest Warder, of 217 south Alfred street, Alexandria is being held in Washington until the Bureau of Investigations of the Department of Justice completes an investigation under the Mann white slav law.

On Saturday night a woman named Victoria Gwynn, of Rosedale, Va., who Warder claimd his wife, was found in a resort and taken to the first precinct. She said she was not married to Warder. The latter was summoned and held pending the investigation of the case. The woman says that she came to Washington from Alexandria with Warder and that they described themselves as Mr. and Mrs. Rosser while living in H street.

She has been twice married, she said, her first husband having died, and the second divorced her.

OFT-REPEATED COMPLAINT.

Absence of Names on Alexandria Streets Annoyance to Strangers.

The fact that there is nothing on any thoroughfare in Alexandria to indicate its name is often the subject of comment, especially from strangers, has often been alluded to during the past third of a cenutry. Council has on several occasions considered this important matter, but resolutions having for their object the placarding of streets have died in committee rooms. A stranger was in Alexandria on Saturday anxiously looking for Duke street and asking the aid of passersby.

In these days, when the spirit of public improvements is raging, it seems that this important matter should receive attention.

Alexandria, at present, is like unto Damascus. Its main thoroughfare is the "street which is called straight," and that is about the only one strangers know anything about. The others are unknown except to those natives and to the manner born.

CHARGED WITH ASSAULT.

Negro Makes Serious Allegations Against a White Man—Turned Over to Fairfax Authorities.

Officers Garvey and Roland late Saturday night arrested a white man named Bud Johnson, for disorderly conduct at the Mount Vernon Stables, but upon investigation was discovered that a more serious charge would be made against him by a colored boy namd Mason Gore. According to the evidence before the Police Court this morning Johnson hired a horse and buggy from the stables for the purpose of making a trip to Fairfax county. Gore went along with him, and, according to the boy's statement, when they reached a point near the Theological Seminary Johnson became exceedingly rude towards the boy, and his language was so extraordinary, that the boy jumped from the buggy when Johnson drew a pistol and threatened to shoot him. Johnson, it is alleged, dropped the weapon, which the boy picked up and brought to the station house.

As the alleged offense occurred in Fairfax county, Johnson was turned over to Justice Stuart.

LAUTERBACH IS PLACED ON STAND

Retention of "Wolf of Wall Street" Said to be Compulsory.

LAWYER IS GRILLED.

Considerable Work Before the Senate Lobby Investigating Committee—The End Not in Sight.

Washington, July 7.—Grilling of Edward Lauterbach, the New York lawyer, who is alleged to have sought by mysterious ways to have forced his employment as counsel upon the Union Pacific, was the feature of the hearing this morning before the Senate lobby committee. Testimony has been brought out tending to show that Mr. Lauterbach connived with David Lamar known as the "Wolf of Wall street,' 'to compel captains of industry to retain him as counsel if they wanted to have the wheels "properly greased" in Washington.

Mr. Lauterbach has previously appeared before he committee. He was put on the stand today for the second time and was sharply quizzed with reference to what seemed to be inconistencies between his own former testimony and that of Lewis Cass Ledyard councel for J. P. Morgan & Company.

Mr. Ledyard told the committee in detail last week about a visit of Mr. Lauterbach to his house when he was seeking to be restored to the good graces of Morgan & Co.

David Lamar was present while Mr. Lauterbach was testifying. It is expected the Lamar-Lauterbach affair will be disposed of by the committee this morning and that the sugar and wool lobbies will be given attention later in the day.

BECAME BLIND ON FIELD.

Virginian Views Place Where He Fought and Loses Sight.

Gettysburg Pa., July 7.—R. T. Edwards ,a Confederate veteran of Halifax county Va., lost his sight a few minutes after he stood at a section of the Stone Fence below Little Round Top, which he scaled 50 years ago with 200 men of his regiment engaged in Pickett's famous charge.

The seventy-year old man sits in his tent resignedly .

"I have made my peace with my God," he exclaimed

"And I have made my peace with the Yankees, whom I once damned, and I am a supremely happy man", he added. "This darkness, this inability to again see my beloved Southland, is terrible, but I accept it."

Before daybreak in the morning, Edwards, with a dozen comrades, started for the battlefield. Reaching the old stone fence and recognizing the surroundings, the old soldier cried out in delight as his companions boosted him to the wall. Then he was silent.

"It has hapened, boys" he said. "My eyes. They have failed. I made peace with God many years ago, and I accept this with the resignation of a Christian."

'Amen' 'chorused the other veterans,who fell to their knees about the afflicted man.

There are a whole lot of people who have a chronic objection to whiskers who are going to feel little sympathy for the man whose beard was used by the bees, as a hive, and who was consequently fatally stung.

ATTRACTIONS FOR SUNDAY SCHOOLS

Ohio Pastor Inaugurates Band Concert on Roof Garden.

RECORD ATTENDANCE

Men's Class of 250 Compelled to Hold Session in Street While Teacher is Seated in Automobile.

Canton O., uly 7.—With the attraction of a band concert in the church roof garden and a double orchestra concert in the church auditodium, the Rev. P. H. Welshimer, of Canton's First Christian Church, has built up what he claims the biggest Sunday school in the world within the last five years. The average attendance at the Christan Church Sunday School in Canton in this hot month of July is 3,251. The record attendance is 4,714. Several Sundays back 38 babies were checked in the "babies' check room" of the $90,000 church, The men's class of 250 had to hold their session in the street while the teacher explained the lesson from the tonneau of an automobile.

The streets leading to the church are crowded each Sunday morning by 8:45 by people going to the Sunday school classes. Some drive as far as 15 miles to be able to attend. Many are old men, civil war veterans, pioneers in Ohio. They come early to get good seats and hear the preliminary sacred concert.

The Rev. Welshimer built up this tremendous Sunday school attendance in a town of 50,000 people.

On Sunday, not a man woman or child can get into that Sunday school without having shaken hands with the Rev.Welshimer at least once. As a handshaker he has a record that is almost equal to that of President Wilson.

SENT TO THE GRAND JURY.

Annie Freeman, Her Daughter and Ed. and Robert Bryant, Charged With Grand Larceny

May Davis, residing in the northeastern section of the city, made complaint yesterday that Annie Freeman, colored, with her daughter, Irene Freeman, had entered her room and stole $53 from her while she was in bed.

Sergeant Scott and Officers Nicholson and Ferguson later arrested the Freeman woman and her daughter, and Ed. and Robert Brant, the latter as accomplices after the fact.

About one-third of the money was recovered, some of which was positivly identified by the owner. The four corners had been torn from a two-dollar bill and a dollar bill had been burned somewhat by a lighted cigarette falling upon it. These notes were produced in court.

It was shown that the Freeman woman had paid lodge dues amounting to $13, and it was further alleged that the Bryants were handling more money than usual and were endeavoring to thwart the officers in their efforts to recver the money.

The four were sent on the grand jury.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

Mr. Satterfield was one of the oldest men in the service working for the Southern Railway here. He had been inspecting cars for twenty years.

BOLT HITS STREET CAR,

Conductor Thrown From Richmond Car by Lightning Flash.

Richmond, July 17.—During the electrical storm that struck the city Saturday night, a bolt of lightning struck a Clay street car of the Virginia Railway and Power Company at Twenty-sixth and Broad streets, and after knocking the conductor from the runningboard passed on into the rails without doing further damage. The conductor, unhurt by the electricity ,injured his leg in the fall to the street. His wound was not of any consequence, however, and after recovering from his shock the car was continued on its run.

The flash of lightning through the car badly frightened the handful of passengers, but gave them no more than a slight electrical shock. The passage of the bolt was so rapid that all danger was over before those aboard could move. Passengers scrambled pell-mell from the car to the assistance of the conductor, who was lying on the ground.

Roanoke, Va., Judy. 7.—C. V. Kelly is in a local hospital with a bullet wound in his back, which probably will prove fatal, and A. A. Pulliam, a street car conductor, is in the same hospital with several serious cuts in his head.

Kelly, a passenger on a car in company with a friend, started an argument with another passenger, T. F. Edwards, an elderly man. Edwards was cursed and abused by one of the men, it is said, but did not resent it. The conductor, hearing the language used by the men, interfered, whereupon Kelly drew a knife and cut Pulliam.Kely made a dash and left the car. The wounded car man called to him tohalt. He refused and the conductor pulled his revolver and fired the bullet striking Kelly in he back, leading under the kidneys. Physicians say he has but a slight chance of recovery.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

THE MANY SUNDAY FATALITIES.

While the horrors incident to the ceebration of the Fourth of July have been somewhat diminished in recent years by the earnest protest which have gone from all sections of the country against the use of explosives it seems that the observance of the first day of the week as the Christian Sabbath is being attended by an increasing number af fatalities. In one place a row in a Sunday school class resulted in the killing of one man and the fatal injury of another. About the usual number of fatalities from automobile accidents occurred while the average number of drowning accidents are recorded.

Dire results followed a collision of rollercoaster cars and the collapse of and aerial swing injured a number of revelers.

Sunday is gradually becoming a day of pleasure to a large percentage of the population of the United States and where loose reigns are given, disasters are likely to occur.

Washington, the Capital of the nation, is now a closed city on Sunday, but thousands of the inhabitants of both sexes crowd excursion steamers on that day, the river is alive with motor boats, arks, etc., while the number of automobile parties is legion.

DEMOCRATIC SENATORS AND THE TARIFF BILL.

The Democratic caucus in the United States Senate will decide today whether it will bind senators to the support of the tariff bill on leave every one to vote as he pleases. There are objections to making a caucus vote binding upon a whole party, but the present is a case that would seem to justify action by the party as a whole. The Democratc party and no other is responsible for the success or failure of the presnt tariff lgislation. The party will get all the credit, or discredit, for its results. Many local interests are affected by it, and much pressure is being brought to bear on certain Democrats to desert their party's position and go over to the enemy. This is a result devoutly desired by the opponents of a downward revision. Republican newspapers will howl about the arbitrary action of the caucus in the event that its members are bound to the support of the bill. That some four or five senators are disgruntled is well known to them. That the disaffection of these few will make a repetition of the Wilson-Gorman faiure possible is no secret. It is well enough to say that a bare majority should not gag a minority nearly equal to itsif in strngth, bu if there are only a small fraction of the democratc side discontented to the extent of defeating the bill, these few men should not have the right or the power to obstruct the wishes of the whole party They should stand with the party and the caucus should take steps to see that hey do.

TAKE HEED LEST WE REPEAT.

Dr. W. Asbury Christian delivered a discourse at Union Station Methodist Church in Richmond last night" on "Christ in the Government," in which he ascribed the greatness of our nation to the influence of Christ. The lobby investigation in Congress, election of senators by direct vote of the people and other salutary measures he decared due to Jesus Christ.

The speaker expressed the desire for Christ to come to Virginia legislative halls and to Richmond, and declared the chief reason for the proper manifestation of Christ's spirit in Richmond is beause the "Christian people keep Him locked up in the churches."

Dr. Christian wanted to see Christ in the City Hal, in the administrative board and in all our departments, of political and social life.

Attempts to accelerate the millennium have proven colossal failures in every age of Chrstianiy, although often championed by well-meaning people. Macaulay in his essay on "Comic Dramatists of the Restoration" makes certain observtions which are hard to controvert. In speaking of the drastic Puritanical measures the writer says:

"It was solemnly resolved by Parliament that no person should be employed but such as teh House should be satisfied of his real godliness. To know really good men was impossible. But it was easy to know whether he had a plain dress, lank hair, no starch in his linen, no gay furniture in his house; whether he talked through his nose, and showed the whites of his eyes; whether he named his children Assurance, Tribulation or Maher-shalal-hash-baz. The consequence was that a crowd of imposters, in every walk of life, began to mimic and to caricature what were then regarded as outward signs of sanctity. The nation resembeld the demoniac in the New Tstament. The Puritan boasted that the unclean spirit was cast out. The house was empty, swept and garnished, and for a time the expelld tenant wandered through dry places seeking rest and finding none. But the force of the exorcism was spent. The fiend returned to his abode; and returned not alone. He took to him seven other spirits more wicked than himself. They entered in and dwetl together; and the second possession was worse than the first.

"Veterans of district shun J. Barleycorn" says a headline. That is no way to treat a tried and true companion in arms at the reunion.

You never used anything like "GETS-IT" for corns, before! You're sure at last that every stubborn corn that you've tried so long to get rid

"How I Did Suffer From Corns For Years. "GETS-IT" Got Them All In a Few Days.

of is a "goner." You apply "GETS-IT" in 2 seconds, that's all. "GETS-IT" does the rest. There's no fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors.

"GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, callouses and bunions disappear.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago. For sale at all dealers.

MAJOR EWING ASKS FOR INTERVIEWS.

Let us get better acquainted before the primaryI It is imposcible for me to visit many of you. Therefore I cordially invite voters who honestly want to determine who is the best and most competent to serve in the next legislature to come to see me at Hotel Rammel, and let us, face to face, talk about the real issues in this primary.

Many of you have said that you do not know me. I offer you this, the only opportunity in my power to call Monday afternoon and evening.

This is your fight. To mere mere election means little. There are issues and principles involved that will affect your business and that will directly concern your children for many years to come. I am spending largely of my time and money believing that I am the best prepared man to make the fight for the cause of temperance and for better tax conditions, &c.; and for better schools and high license and fewer saloons, should your town remain wet. Therefore every man in Alexandria who stands with me for these reforms, and who believes in the fairness of the enabling act for which, as I have said in print, I shall vote if elected, owes it to himself and his community to give me his vote and to help me get out the full vote of all who stand on our platform.

Every man in Alexandria knows where the saloon vote is going. Every honest man knows that vote is not coming to me. I do not stand with and am under no obligations to either the saloon or the machine. I need the active help of every man who does not feel that it is well for either longer to control in selecting our officials; and I must have the influence and vote of every man who wants to see the high principles for which I stand succeed. Come in and get my full platform.

There is no conflicting interests between the county and the city. I can and will serve the city as well and faithfully as either competitor. Surely each section of this district has the right to name the representative at least now and then. The mere fact that I am a county man of itself means nothng, but wth the qualifications and integrity which the county vouches I have, the fact that the district had not been represented by a county man for over twenty years ought to elect your help as a matter of justice. And to this the great questions for which I stand, and the equity of my plea is beyond dispute

Be not deceived: practically all of the votes cast n the county will be given for me. If you think this is merely my dream, call up Capt. Mackey, Mr. E. W. Ball and any half dozen of the leading and honest men of the county, ether in office or in private life, and learn the truth of my statement, too, then read Commonwealth Attorney Mackey's endorsement in the local papers.

An interview is respectfully solicited, or your name if you will help, as well as your vote on Tuesday.

Yours Sincerely,
E. W. R. EWING.

NEWS OF THE DAY.

The settlement of the strike among the gold miners in the Rand district, of Johannesburg, Africa, which the government arranged with a committee of strikers Saturday, has proved ineffective, although comparative order was preserved over night and yesterday. The mobs reassembled yesterday. All trains and street cars suspended service, the crews refusing to work. No newspapers were able to publish yesterday. Additional troops guarded the Rand Club, the scene of the serious encounters Saturday. A great mob assembled there hooting and jeering the troops. Up to midnight there had been no serious trouble, but armed police everywhere were guarding property.

Scotland Yard London, authorities have just unearthed an elaborate plot for what was to be the militant suffragettes' greatest destructive effort. The women planned to sally forth on a set date from different quarters in London and start fires in the business centers of the city in the West End; also in the principal government offices paying special attention to what is known asthe "fire danger zone" the congested area of city. Thousands of tubes of phosphorus, quautities of fire lighters, and other combustibles had beene stored at different points.

When the death of his wife early yesterday ended the watch of several weeks that Thomas Watson, 24 years old, had maintained at her bedside, he took his month-old baby girl to a secluded spot near Rockaway Beach, where he ended his own life by shooting, after tying a cord tightly around the neck of the infant. The baby was still alive when found yesterday afternoon.

Helen Rice, 17 years old and Archibald Taatatin, 17, 21 years old were drowned in the lake at Pine Grove near Millville, N. J., yesterday after the young man had made a desperat attempt to save the young girl's life. She was unable to swim, and when she suddenly got beyond her depth, Tatatin went to her assistance, although he was a good swimmer. After reaching her he became exhausted and both went down. Before assistance arrived.

Two sisters were instantly killed, another was fatally injured, and their mother may die from injuries received at Toledo, Ohio, last night when a Detroit, Monroe and Toledo traction car struck an automobile in which they were passengers. The driver of the car also was seriously hurt.

Three persons dead another in a hospita, and five children orphaned, summarizes the murderous work of two men within a few hours in one neighborhood of southwest Batlimore. In each case the man cut his throat with a razor after slashing the throat of his intended victim. Both men are dead as is the wife of one of them. The woman who was attacked by the other man may recover. The dead are: Frank Schulz, 49 years old, of 554 Furrow street, Helen Schulz (his wife), 43 years old. John Louis Kurtz, 23 years old, of 517 South Bentalou street. The wounded woman is Mrs. Bertha Kennedy, of 2251 Wilkens avenue. The men were friends and both were employed at the Carnegie Steel Company's plant in southwest Baltimore. Kurtz's attempt on the life of Mrs. Kennedy, was promped by jealousy, he having been, according to report, an old sweetheart of the woman.

Killed by the fire from 100 guns and revolvers then mutilated by the severance of his ears, was the fate of Roscoe Smith, a negro of Yellow ricer, near Jacksonville, Fla. The lynching followed the murder of Sheriff T. F. Cherry, of Clay county, by the negro.

Two Rochester, N. Y., men swam to the shore from the wreckage of a sailboat on Lake Ontario, near Walcott, yesterday afternoon, and told of the drowning of four companions, after a ten-hour fight. The party was returning from a cruise to Oswego, when a hurricane struck their yacht breaking the mast and causing the boat to capsize.

Only the brave fight put up by Mrs. Mart'n Hunsicker, of Geneganslet, Shenango county, N. Y., prevented her son William, 4 years old, being carried away or at least injured by an eagle yesterday afternoon. The child was playing near the house when the bird swooped, fastening its talons in his hair. The boy screamed, and the mother, catching up a stick, beat off the eagle. The big bird at first gave battle, then suddenly released its hold, and soared away.

At Hempstead Town Hall, N. Y., where cases are held for trial before commitment to the county jail, the janitor, coming to give occupants of cells their noon meal, found Joseph Joeanuche, aged 19, hanging from the bars by a noose made from his body belt. Reese, near Matthsws.

Mrs. F. L. Ponsing, a bride of less than four months, made good a threat Saturday night to kill her husband because she found him skating at a public rink at Richmond, Cal., with another woman, and inflicted a wound upon herself which may prove fatal. The double shooting occurred in the presence of the husband's mother in their home.

To The Voters of Alexandria City and County:—

I most respectively ask your kind consideration of my candidacy for the State Legislature and earnestly solicit your vote on July 8, 1913.

I promise to faithfully serve the people of both the City and County in all matters that they may bring before me in an impartial manner and will devote all of my time to the Legislature during its session, believing as I do that the sixty days is scarcely enough time to give to such important questions as will come before the Legislature this fall.

Secton 2 of our Constitution says that all power is vested in and consequently derived from the people and that public servants should at all times be amenable to them. I am willing at all times to trust the people, to vote on any subject which they may desire, and I will not try to dictate what they shall do in such matters. I, therefore, positively state that I will vote for the Enabling Act if it comes before the Legislature this fall. Personally I do not favor state wide prohibition. Iam a firm believer n local self government—by the people—and am personally in favor of local option rather than state wide prohibition.

I believe these questions should be considered from a social and moral standpoint. I believe that every self-governing community which constitutes a social unit should have the right to regulate the liquor license and that this should be put before the people as a single issue.

I believe the tax question deserves serious consideration at the hands of our legislators and I would recommend a tax commisson composed of good able business men of well known experience along these lines.

I am in favor of a uniform assessment throughout the state and would use my best efforts to that end. I am not in favor of the fee system and would give serious consideration to this question.

I am in favor of the election of judges and all public officials by the people.

I am in favor of better protection of our river fisheries and the enforcement of our game laws.

I believe in good roads and the protection of our rural districts.

I believe in our public schools, and will never loose an opportunity to work for their good.

I believe that automobiles and motor vehicles have become one of the necessaries of life and should receive more careful and serious thought from our law-makers so that the owners may feel that they have been justly dealt with when paying their taxes to the state.

I believe that we should have reciprocal automobile laws between the State of Virginia and the District of Columbia, and shall use my best influence to that end.

I believe in good, clean, honest dealing with all men and promise to advance these priciples in every term as your humble servant, way that is in my power during my

ANGELO NOT ENDORSED BY CHERRYDALE.

Mr. Editor:

"The Monitor" quotes Mr. Angelo as saying that on last Wednesday he was "endorsed unanimously by the Cherrydale Citizens Association;" and the Alexandria papers make a similar statement. Here are the facts as certified by the president and the secretary of the Cherrydale Citizens Association over their own signatures:

"Cherrydale, Va., July 5, 1913.

"This is to certify that the Cherrydale Citizens Association as an association, has endorsed no candidate for the legislature. Mr. O. P. Angelo, on Wednesday last was present at our meeting,and, on invitation, made some remarks as any candidate would have been invited to do.

(Signed:)

F. C. ESCHRICH

WM. O. WILLIAMS, Secty.

Therefore I call attention to voters in Alexandria to these misstatements of Mr. Angelo so that it may be seen that he is not carrying any important vote in the county. Maj. Ewing will carry the county practically solidly.

HORRIBLE MURDER RECALLED.

Dr. Isaac C. West, Perpetrator of Crime, Dies in Texas.

Dover, Del., July 7.—A tragedy that created the greatest sensation in the history of Delaware was revived Friday when word was received here of the sudden death at Dallas, Tex., of Dr. Issac C. West. On December 2 1872, he killed Henry C. Turner, alias Couch Turner, a negro in Dover, skinned him completely, and then set fire to the building in which the crime was committede. His purpose it was claimed, was to secure $25,000 life insurance by substituting the negro's disfigured body, and making it appear he had been killed by an explosion of medicinal gas that he manufactured

The case was tried here in April, 1873. West was acquitted on the ground of insanity, but subsequently was convicted of arson, and served a term in Dover jail. He left Delaware after cmpleting his sentence and had not been heard from for years until word reached here of his death.

The tragedy was one of the most terrible ever committed in this country. West made a confession in which he told of having skinned the body and buried portions of it in a half dozen different places here. In order to frighten negroes generally it was only necessary to refer to the West case. This hold goods in some instances to this day.

Norfolk, Va., July 7.—Intense heat here Saturday claimed two victims while thousands of sweltering humans hurried to the shore in search of a breath of fresh air. The temperature reached a maximum of 104 in the street.

Overcome by the heat, James Ward, manager of the Manhattan Moving Picture theatre on Queen street, opposite the Second Precinct station, dropped dead while at his work. Mr. Ward lived at 165 Bank street, and is survived by his wife and one child. He was forty-eight years old.

RICHMOND WOULD CELEBRATE.

Fiftieth Anniversary of Evacuation Suggested.

Gettysburg, a., July 7.—Governor Mann, of Virginia, and General Young, commander-in-chief of the United Confederate Veterans, started a movement to have a grand reunion of the armies of the North and South at Richmond, in April, 1915, on the fiftieth anniversary of the evacuation of the capital of the Confederacy.

If this reunion is held the men in blue will be the guests of the men in gray. The State of Virginia probably will be asked for assistance.

The Virginia veterans are right royal entertainers. Something has been going on in the camp every afternoon and night since it was occupied. The Robert E. Lee Veteran Club of Richmond, held an elaborate reception yesterday afternoon under the direction of Capt. D. A. Brown, Jr., of Richmond. Punch was served to the ladies who visited the camp, and the veterans sang sons, told war stories and made speeches.

There was a joint concert in the camp by the band which came here with the Robert E. Lee Camp, United Confederate Veterans, and a band which accompanied the Massachusetts division in the Union camp.

Praise This Remedy For Consumption

If the voluntarily written words of grateful people living in all parts of the country, praising Eckman's Alterative, a remedy for the treatment of coughs, colds, throat and lung troubles, are to be believed, this medicine is certainly doing a vast amount of good for such sufferers. We state none but facts, and give to you the names and words of praise of those who declare it benefited them—in many cases coupled with the writers' statements that it restored them to health. This is a sample taken from many:—

St. Mary's Academy, O'Neill, Nebraska.

"Gentlemen:—About seven years ago I was attacked with the dread disease, Tuberculosis. I coughed unceasingly, could not sleep nor eat, even could not speak out loud and could do no work. I had three hemorrhages, raised blood most of the time and suffered of night sweats, fever and chills. A specialist of Columbus, Ohio, pronounced my case hopeless.

"Nearly five years ago I heard of your Alterative and procured some at once, with the result that I soon found myself restored to health. For the past four years I have been able to continue my teaching, and though I have always had heavy school work, I am also able to perform much manual labor. I consider your medicine, if faithfully taken, a most excellent remedy for Consumption. Mother Superior permits this testimonial.

(Signed) SISTER MARIE,
Sisters of St. Francis.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs.
